RLL Electric Safari is a heifer with an incredible low lateral twist in her horn, that is a sight to behold. She is UBER correct, and gentle as a lamb. Her pedigree might actually be the deepest in my herd. From the Jones program, there is Horseshoe J Innovate, Horseshoe J Foundation. From the Boland program, Ringaling BCB and Fifty-Fifty BCB. The Loomis program provides Bandera Chex, and Rio Safari Chex. Last but certainly
